

Love Casement

Gaeil le Scéal

Dia Daoibh go léir

This is an introduction to a new social media campaign to raise awareness of the importance of Casement Park to Gaels from Antrim, Ulster and beyond. The 'Love Casement' campaign is organised by grass roots members and the intention is to have short videos uploaded by Gaels throughout the world telling their story about good experiences that they have had at Casement Park, in Belfast.

Initially Twitter and Instagram social media platforms will be used in order to spread the word about how important a role Casement Park has played down through the years in the Sporting, social and cultural life of Gaels from all walks of life.

Many people will have had an experience in Casement Park since its original construction in June 1953 and this year marks the 65th Anniversary of that date. We want to hear from Gaels at home and abroad who had the pleasure of being in Casement at any event in whatever capacity that may be; a player, official, spectator, visitor, photographer, media etc and let us know how they enjoyed that experience.

This platform is being used to highlight the importance of this great venue to our city, County and Country and we hope it will generate some really memorable stories for those interested in seeing Casement Park constructed again.

Our aim is not to engage in issues regarding construction, planning, neighbourhood disputes etc but to concentrate solely on the human experience of those who have visited Casement throughout the years.

We are asking for your support when the various social media go live on the 14th of February 2018 and look forward to working in partnership with you and the various existing groups already established to promote the Casement Park project.

Should you wish to discuss details or know of anyone that has an interesting story to tell, please feel free to contact us on;
