

Playing Sanctions

The following criteria were proposed, as being required to permit the granting of a playing sanction. [Available to both codes - Football & Hurling]

1. Sanctions will be considered only where a player is moving from a single code club to another club to avail of that code not otherwise available to a player at a competitive level within his home club.
2. A sanction will be for the playing of 1 *nominated* code only.
3. Sanctions must be applied for and granted between, *1st February - 31st March* each year.
4. Sanctions are applicable for one year only and must be renewed annually.
5. If required, players transferring, by way of a sanction, may be added to the existing grading list for the relevant year.

Sanctions' will not be granted to players wishing to play U21 championship for another club.

Passed by County Committee 29th March 2010.
