Return to Play

As things stand spectators are not permitted-

The maximum number that can attend an outdoor gathering is 30 people

(an exemption has now been applied for those that 'are taking part in or assisting with a sporting event.')

This basically means unless you have an official role at the event you **can't attend**;

The GAA don't control
the level of attendees
at outdoor events

Match Regulations

are permitted in Hurling,

but they can't carry water !

(They are part of the 7 officials)

One water break will take place between the 15th & 20th minute of each half at the referee's discretion.

It will last for **1 minute**

The referee has the authority during the game to send any person in breach of the regulations outside the pitch enclosure and such persons cannot be replaced

Return of Spectators

it is essential that clear and concise information is made available to spectators before they consider attending any club games

Spectators should be aware **that all the risks** posed from Covid-19 **cannot be eliminated**, including attending GAA games but that essential control measures have been put in place to reduce risks for members.

Spectators must **not attend games if they display any symptoms** of Covid-19 and instead should phone their GP and follow public health advice

Individuals must be informed that **much of the responsibility** for managing Covid-19 risk remains with themselves particularly in relation to social distancing, wearing of face coverings and sanitation

All spectators should be encouraged to bring their own hand sanitiser

The compulsory use of face coverings for all patrons over the age of 13

Spectators must not enter the field of play at any time including pre-match, at half-time and other intervals and after the final whistle or at end-of-match presentations

Spectators should be advised to keep their own record of contacts at a match for potential tracing purposes

Return of Spectators

If we get to a time when spectators are allowed

Whatever that number is..... it will include the following

Players

Management & backroom staff

Match Officials

Stewards

Gatemen

Medical Services

Stand-alone game personnel

Role	Number
Players	48
Backroom	14
Match Officials	9
Stewards	10
Gatemen	6
Press /Media	10
Ambulance	4
Total	101

Every Person

(man woman and child)
will have to be recorded
by an appointed person
at each venue when
they attend a game

Recording Attendance

The number in attendance should be recorded by the club hosting the match to ensure that government guidance has been fully complied with.

A designated person should be appointed to carry out this task.

Sanitation and Toilets

Grounds must ensure that there are adequate male and female toilet facilities available for the expected attendance

Ensure toilets are well ventilated and there is a robust **documented cleaning** regime in place

Hand sanitiser stations should be located at entry points and at other key touchpoint areas where handwashing facilities are not available

Match Day Personnel

All players, officials, and volunteers must have completed GAA questionnaire and online training

Clubs should designate a competent individual to ensure there is compliance with all relevant Covid-19 guidance (someone who can dedicate sufficient time to the role)

Appropriate stewarding arrangements (based on risk assessment) should be put in place

Contact Tracing

All practical measures should be taken to inform spectators attending to **restrict contact with individuals and groups outside their own household once inside the ground** e.g. through public announcements, signage and stewards.

Host clubs **will be responsible** for the contact tracing records of volunteers, players and officials.

Host clubs **are not responsible** for the contract tracing records of spectators
